The following document is the license for certain V0LT articles.

Section 1: What you **can** do.

	You can…	As long as…
1A	Share links to the articles on an official V0LT account or site to share them with other people.	You don't share the files, you only share the links to the official copy.
1B	Use information from a V0LT article.	You clearly credit V0LT, by linking to the article on the official V0LT site.

Section 2: What you **can't** do.

	You can't…	Even if…	Instead…
2A	Claim or imply in any way you helped create or design any part of a V0LT article.	You give some credit to V0LT.	Provide a link to the article on an official V0LT site or account.
2B	Distribute V0LT articles from your website, server, or in person.	You give credit to V0LT.	Distribute the official link from the "https://cvprogramming.tk" server or from an official V0LT account if you want to share an article with someone.
2C	Modify a V0LT article in any way.	You want to do so only for personal use.	Leave all articles in their original form.
2D	Take V0LT articles out of context.	It's not malicious.	Request special permission from vieirast@icloud.com if you'd like to quote a V0LT article that might be misinterpreted.
2E	Impersonate V0LT in an article	You never directly claim to be V0LT	Make sure any articles you produce are clearly not V0LT articles.

Section 3: What we **reserve the right to do**.

	V0LT reserves the right to…	However, V0LT will…
3A	Have any content in any form removed and/or deleted that is associated with any V0LT article.	Accept appeals if you believe the request was unwarranted. This doesn't guarantee the content removal will be revoked however.
3B	Place any content directly or indirectly affected by a V0LT article anywhere on the V0LT site, or other V0LT controlled accounts.	Give the creator of the content credit, and they can request to get it removed if they wish.
3C	Ban any user or group of users from using V0LT articles, and from publishing any content affected directly or indirectly by any V0LT article.	Accept appeals if you believe the request was unwarranted. This doesn't guarantee the usage ban will be revoked.
3D	Change this license without notice.	Grant a pardon if a user understandably misses a license change, and fails to follow a newly created or adjusted term.
